Register of legislation

TEISĖS
AKTŲ
REGISTRAS

Description

Database of the legislation of the Republic of Lithuania (laws, orders, decisions, etc.)

Price

€

Free

How to use it in practice

All legal acts of the Republic of Lithuania in one place. Subscription allows being notified on the changes in the legal acts relevant to the subscriber. After subscription, a link to the newly adopted or amended legal act is sent to your email on the same day when this happens. This way it is much easier to comply with the legislation, reducing the possibility of "missing" particularly relevant information.

Tax calculator

VMI VALSTYBINĖ MOKESČIŲ INSPEKCIJA

Description

The tool provided by the National Tax Inspectorate of Lithuania for calculating the amount of tax based on the income received.

Price

Some information about the price

How to use it in practice

The calculator will help to find out the due amount of taxes, and will give information on what contributions and taxes you have to pay if you are self-employed (the most common case for freelance tutors). The calculator is very simple, easy to use and you can calculate your tax just by answering the given questions.
